A unique layout and a modern enhancement capture a lifestyle of comfort and practicality, as this dual-storey home

welcomes a desired coastal lifestyle within one of Blairgowrie's most cherished pockets. Taking full advantage of its

elevated location, a back-drop of Moonah tree-tops highlights proximity to the Peninsula's playground of coastal

recreation, with Blairgowrie's Rock Pool and Bridgewater Bay Beach only steps from home.

Freshly renovated to enhance the home's coastal allure, an extensive interior update presents a blend of refined finishes and cool white tones across an interior with dual-occupancy accommodation. Boasting a design destined for

hosting, two self-contained levels present with large family
